

ESCAPE GOAT

In March 2020, faced with a confinement that was unheard of, we had to look at the world in a different way.

Creativity was then, as it still is, the best way to process and express this strange change. And so the project “Escape Goat” was born. 46 authors wrote 46 chapters of a digital book, published online, and 46 visual artists illustrated them, all over the course of...46 days. Such images have now been reproduced in an original collection of Vista Alegre porcelain coffee cups. With imagination, humor and sensitivity, the written and drawn stories of “Escape Goat” look into us and into everyone’s world, suddenly turned upside down.

With this goat we hope to kick sadness to the curb, and awake joy, inside and outside our Windows.
